2. Then go to the following stations:
 - a. Station 1 - Weigh Station – A Kub Kar rep will provide you with the weights to add
 - b. Station 2 – A Kub Kar rep will add or remove weight
 - c. Station 3 – Run your car down the track, note anything that needs a tune-up. Does it run straight, do all 4 wheels touch the track at once? does it make it to the bottom of the track?
3. If your car needs work, go to Station 4 – Tune up Station, advise the Kub Kar rep what it needs
4. If your car runs fine, take it back to your leader along with the **\$6 registration fee**. Make sure the youth name & group are written on bottom of car in black. Also note if a Novice Racer.

Leaders- NEW!! PLEASE READ!!

- **We request that all registrations and payments are completed by a Leader. This makes registration night much easier for everyone.** A group registration form is in this package. (bottom) **Please print** Fill it out and bring it with your group vehicles on one of the tune-up nights. We would like you to be there until your entire group is registered. If parents are bringing their youth and kars, please make sure they see this information
- Pre-Printed stickers stating Cub's name and Pack will be given to each group. This is to ensure that race day officials can correctly identify who's car is who's
- Please clearly label with an arrow which end is the front. We don't care if it's completely obvious which end is the front, we want to race the cars the correct way down the track
- Cars that win design awards etc will be held until the end of the race for award presentations. Please make your parents aware!
- The point threshold for elimination has been decreased. Eliminations begin at the end of the 3rd race.
