

Welcome to the 2018 Scout Popcorn campaign. This fundraiser can be used to help pay for a big portion of your Scouting activities this year. About 50% of the proceeds stay with our group, and about half of that will go to your SAST fund. Remember that you can use your SAST fund to pay for camps, activities, uniforms, equipment, and registration.

All sellers will receive a crest for their efforts in addition to the money that goes into their SAST fund. There is also a national incentive to exceed \$2,500 in sales. This qualifies the youth for the Trail's End Scholarship program, and enrolls them in the Adventure Club, in which they will receive a quarterly gear box valued at over \$100.

Who can you sell to? Everyone. Such as: family, friends, neighbours, teachers, and coworkers. How about approaching a business to order popcorn to give to clients for Christmas? Remember to sell this as a fundraiser.

Also of note:

All of the products are certified kosher.

All microwave products have a shelf life of 18 months. The popping corn kernels have a shelf life of 12 months. All ready to eat products have a shelf life of 9 months.

Important dates:

Orders are due the week of October 22nd at your regular meeting.

Pick-up is December 1st at the church – just in time for Christmas giving.

Payment is due when the order is placed, so please collect when the order is received. Cheques can be made out to: Scouts Canada - 24th Kitchener.
